## Packages for SPEADS Racing Cars

### Video packages

DL1, DASH3 + VIDEO4 Sport 2 camera package Includes:

- DL1 data logger
- DASH3 configurable data display
- VIDEO4 2 camera unit
- 1 x high resolution camera
- 1 x standard resolution camera
- 1 x microphone
- 4GB CF card + USB card reader
- Software and cables

Video4 2 and 4 camera packages, including the Video4 Unit, 1 x H Res and 1 x Std Res (3 on the 4 camera unit), Microphone, 4Gb card and card reader. Compatible with the Logging system to give you outstanding DVD's with custom screen layouts and the ability to analyse data with video syncing. Prices start from \$ 2600 for the 2 camera units.

The ultimate Data, Display and recording system for your SPEADS. Huge savings and a complete package delivering performance and outstanding footage for 1/3 the cost of other leading brands. This kit is quite similar to the system we are currently running in our SPEADS RS Sports Racer. Combine this with the Analysis software and you will be knocking off the seconds per lap and understanding your car better. Prices start from \$ 4250; contact us for further info.

VIDEO4 Sport 2 camera package Includes:

- VIDEO4 4 camera unit
- 1x high resolution camera
- 1 x standard resolution camera
- 1 x microphone
- 4GB CF card + USB card reader
- Software and cables
